

PHYSICS PROGRESSION POLICY

Students pursuing the degree of Bachelor of Science in Physics must meet both of the following progression standards:

- a. Students must make successful progress in the following sequence of courses every regular semester: MATH 92; MATH 161; MATH 165; MATH 200; PHYSICS 221/PLAB 223, where the starting point in the sequence is determined by the “Placement in Mathematics” policy. Students will be permitted to repeat only one of these courses one time.
- b. Students must successfully complete PHYS 221 and PLAB 222 by the end of the 4th regular semesters following the declaration of a major in physics.

Students with exceptional circumstances must have an alternative progression plan approved by the Department Head. Students who do not meet these standards will not be allowed to continue in the physics major.
