

## **Southeastern Exit Survey**

Every student who graduates from Southeastern is required to complete the on-line Exit Survey. This survey contains a set of general questions that are asked of all graduates and a set of questions which are specific to the individual majors. The questions are specifically related to the students major and do not include any general education questions. The results are compiled and reported on an annual basis.

All Baccalaureate degree recipients are asked what their plans are immediately after graduation:

1. Employment
2. Graduate or professional school
3. Additional undergraduate coursework
